EXHIBITING BENEFITS

ACPOC provides marketing opportunities during the Annual Meeting. Exhibits will be highlighted, with unopposed time, during the Wednesday Evening Reception; Thursday breakfast and lunch, morning and afternoon refreshment breaks, and Friday breakfast, morning and afternoon refreshment breaks.

To maximize the impact of your marketing dollars and receive optimum exposure to our attendees, we encourage you to take advantage of our Wednesday Technical Workshops Program. This will give you either 20 or 45 minutes to present in front of an audience at a cost much less than a traditional advertisement. This venue gives you the benefit of personal interaction with our attendees. The technical workshops are very popular and may sell out. Act today to confirm your workshop participation. Due to a waiting list for the technical workshops, we are implementing a new policy of one workshop per company.

PRESIDENTIAL LECTURER

WILSSAN M. JOINER, PHD

*Professor and Chancellor's Fellow, UC Davis
Department of Neurobiology, Physiology and
Behavior, College of Biological Sciences
Department of Neurology, School of Medicine
Center for Neuroengineering
Center for Neuroscience
University of California, Davis*

Dr. Joiner studies how we use different sources of information to aid behavior, ranging from visual perception to movement planning and updating. Specifically, he is interested in how external and internally-generated sensory information is integrated in healthy individuals, in comparison to certain disease and impaired populations (e.g., Schizophrenia and upper extremity amputees). Achieving this understanding may lead to better methods for diagnosing and treating impairments of the nervous system."

GENERAL EXHIBIT INFORMATION

We are prepared to furnish individual companies with a draped, 6-foot exhibit table and two chairs. The maximization of your booth space will be key to your attendee traffic. Should an exhibitor want to utilize activities to draw attendees to its table (gifts, samples, food, beverage, demonstrations, etc.), these activities must take place within the confines of the tabletop space. The purpose of the exhibits is to further the education of the meeting attendees through product and service display and demonstrations. Outlying space may not be used for anything other than attendee traffic. Additionally, any activities undertaken must not interfere with traffic to or interactions at other exhibits. Activities that should be avoided include, but are not limited to, loud music or audio that can be overheard at other exhibits, demonstrations that use up the full break time which prevents attendees from viewing other exhibits, holding attendee events outside of the exhibit hall during sessions, receptions, social events and exhibit hall hours. Gimmicks such as clowns, mimes, jugglers, cartoon characters, etc. may not be used in demonstrations. **No one under 18 years old is permitted in the exhibitor hall.**

You are responsible for ordering, before the meeting, your own internet, electrical, signs, labor, shipping, and tools necessary for setting up exhibits. If additional services are needed, it is the obligation of the exhibitor or his/her agent to provide for arrangement and payment of these services. Internet and electrical will be provided by the Hyatt Regency Minneapolis. All audio-visual needs will be handled by our AV company. AV contact information is pending.
